PROJECTS

E-Commerce Website (Click To See Sanson Mart)

Tech Stack: HTML, CSS , bootstrap 5, JavaScript, React , Node, Express, MongoDB, Imagekit

- Developed a full-stack e-commerce platform allowing users to browse products, manage carts, and simulate purchases.
- Designed a responsive and user-friendly frontend interface using **React.js** and **Bootstrap 5**, ensuring smooth navigation across devices.
- Engineered robust **RESTful APIs** with **Node.js** and **Express.js** to handle user requests and data processing.
- Implemented **MongoDB** for efficient data storage and **ImageKit** for optimized product image management
